Conclusion

My dear sportsperson, in the pursuit of attaining sporting excellence, winning and losing are common occurrences. The winner has to aim for greater glory. But a loser learns a lot of lessons to reorganize his approach and training. Perseverance and a warrior like attitude are the essence of attaining greatness in any area of life.

While you march towards your ultimate goal, many of you may not reach your goal, but the journey towards the set goals will give you memorable events and make you learn the wisdom of life.

Let us all march together, hand in hand and shoulder to shoulder to attain our personal potential excellence and enjoy the joy of life.

I personally extend my gratitude to my student volunteers, who spent many hours and days to shoulder my responsibilities, in organizing sports events in this campus. The service of Mr. R.RajivGandhi, and J.Komala assistant physical Directors is commendable.

The success of the Department of Physical Education is the result of team work of the management, students, coaches, sportsperson and student volunteers who played a vital role behind the screen.

The nucleus of our success is the Management, the protons and neutrons are the Principal, Teaching Faculty and Non -Teaching Staff. Every unit moved with similar wave length of enthusiasm and interest. This enabled us for this huge success glory.

I was extended support from all directions. It is a kind of demonstration of a strong work culture of this campus.

I thank god for giving me an opportunity to work in this great institution of intellectuals who are committed to upgrade the quality of life of the students.

I am blessed to work with the awesome students of this great college who are highly disciplined and responsible.

“Success is not final,
it is the courage to

failure is not fatal,
continue that counts.”
