

## STUDENTS TESTIMONIALS

MARIMUTHU

I'm **Marimuthu K** from II, M.Sc., Mathematics. I got **placed in CAMS ( an RTA )** through Campus placement cell. The placement cell of DG Vaishnav College has encouraged and **given many opportunities** for the eligible students. Moreover, **made ease the interview processes** so that we, students, performed well in interviews without any pressure. The cell opened the opportunities in top notch firms which helped us to get into various companies in this competitive world.

I hereby thank the placement cell for the wonderful coordination.

Thanks and regards,  
Marimuthu K.

POOJA

**Myself Pooja G.A from Msc Mathematics (2018-2020)**

Thank you for the placement cell of dg vaishnav college who helped me by giving a opportunity to accomplish my goal by getting job in campus and they helped by making the process easy and they have done the follow up from the first day of the interview till we get our offer letter.

## NANDHINI

**I am, Nandhini E of B.com (general)** day shift. I've got selected in ICICI bank. I found our college placement helpful. I would like to thank Mr. Balamurali krishnan sir for providing all the information and helping us to attend the placement without any trouble.

## LOKESHWAR

Dear Sir/Madam I am M.R. Lokeshwar studied B.com General in D.G. Vaishnav College. I have been selected in Campus interview in Atos syntel Company.

I hereby thank the Placement Cell of D.G. Vaishnav College for good coordination and for providing adequate information to the students about the Companies which are coming for Interview. And I also thank Balamurali Krishnan sir for guiding the students who are attending the interview.

**With regards**

**M.R. Lokeshwar**

## PRAVIN KUMAR. S

Hi DGVC placement cell. Myself Pravin Kumar.S completed MBA in our college, got placed in KOTAK MAHINDRA LIFE INSURANCE as Management Trainee.

My journey in Kotak started on 4th September 2020, and these 2 months the company management have given their best efforts to keep us involved. Our branch managers have been friendly and treat us well. When it comes to job, these 2 months only the training programs were going on. There is some compromise on Work-life balance, the work timing is so long and we have targets to achieve in future. But there is lots of opportunities to learn and grow as an individual. Last but not least the incentive slab is good but it requires lots of work to achieve it.

**Regards,**

**Pravin Kumar.S - MBA**

# Rohit.P.Setpal

I joined the placement team the same day i got placed for my current company, societe generale. Being a part of the placement team not only allowed me to make new friends but also make good contacts with the officials of various companies. It allowed me to interact with them and gain knowledge about a work environment, the recruitment process and also improve my communication skills. The placement cell had bought in various reputed companies and opportunities for the final year students and also internship opportunities for the first and the second year students.

Different companies followed different recruiting techniques and methods which gave all an idea about the level of competition out there in the open world.

At the end, I would like to thank our placement sir, Mr. Balamurlikrishnan sir for all the support, knowledge, help and guidance in various aspects.

**Thank you,**

**Rohit.P.Setpal**

# VIBISHA BALAJI.B

Hi sir,

Thank you for providing the opportunity to participate in the campus recruitment and to share the experience here.

The whole placement process was very trouble-free. Getting placed in a really good work place is a dream for many and I'm happy that i was fortune enough to get this opportunity, thanks to my college. It was a three stage process, a general Q&A was the first stage and rest two were related to the particular job. As a psychology student I'm so happy to get a job related to my field of interest. A huge thanks to the placement officer and all the faculty members and the supporting staff. I would end this by saying "Just go in there and remember you are fantastic".

**Regards,**

**VibishaBalaji. B – BSc Psychology**
