DEPARTMENT PROFILE

The Department of Accounting & Finance was started in the year 2015 with the aim of imparting broader financial knowledge to students. The department offers Outcome Based Education (OBE) through a wide range of subjects like taxation, corporate finance, banking, financial management, investment management and accounting papers like financial, corporate, management and cost accounting, to equip the students with knowledge and competence and enable them to compete in the global economy.

The department also encourages its students to organize and take part in various extra-curricular activities within and outside the college.

The department has its exclusive students' forum "LucAFama", which was formed with an aim to interact with various experts and academicians and broaden the exposure and knowledge of the students to the financial world.

The forum conducts guest lectures, workshops, academic-oriented events, and seminars* in the area of finance and accounting.

We nurture the talents and skills of our students and motivate and encourage them to take up roles to develop their capabilities and prepare them for the rapidly changing world.

From mastering financial reporting to understanding market dynamics, our department empowers students to become strategic thinkers and future leaders in the world of finance.
