### MISSION

- To impart interdisciplinary knowledge and practical skills essential for understanding, preventing, and responding to crime and criminal behaviour in diverse societal contexts.
- To foster critical inquiry, ethical reasoning, research competence, and technological proficiency among students, preparing them for professional roles in the criminal justice system, corporate security, and academia.
- To cultivate socially responsible graduates committed to promoting justice, upholding human rights, advancing victim assistance, and contributing to the development of safer and more equitable communities.

### VISION

- To nurture professionally competent, ethically grounded, and socially responsible graduates who can contribute effectively to the Criminal Justice System, corporate security sectors, academia, and allied fields.
- The programme aspires to prepare students to meet the evolving challenges of a complex and dynamic world with integrity, critical thinking, global awareness and a commitment to the public good.
