### **Detailed report:**

The workshop was intended to create awareness among students about the need and importance of IPR.

### **Presidential Address**

The Presidential Address was delivered by the Principal of D.G Vaishnav College Dr. Ganesan. The following were some of the points made by him.

- a. Though Indian system is a treasure house of knowledge it is our Indian psyche that we give very less attention to documentation.
- b. As we have made a paradigm shift from Gurukul to University system it becomes very much necessary to align ourselves with the global standards and adopt to the system of Patent and copyrights.

### **Inaugural Address**

Dr. Banumathi, Asst. Controller, Indian Patent Office, Chennai region, delivered the inaugural address and elucidated the audience regarding the basics of IPR as well the initiatives taken by the Government in promoting the significance of the same among the masses. She opined that Intellectual Property Rights has become a trend in the Indian system in the context of the vast and varied bio diversity, arts etc.

“Intellectual Property Rights could be claimed to anything that is created with adequate human intervention or manipulation. It is territorial in nature and almost all the Countries of the have a system of IPR. India has four IPR offices and one of them is Chennai.” She said.

The difference between Patent and Copyrights as well the procedural mechanism for applying IPR also was adequately explained.

### **Special Address**

Mrs. Sailakshmi, Attorney at Law, Intellectual Property, enlightened the audience through a power point presentation and also highlighted the significance of IPR as this could enhance the quality of research work done by the Post graduate students. The following were other important points presented.

## DWARAKA DOSS GOVERDHAN DOSS VAISHNAV COLLEGE

- a. The difference between a Trademark, Trade Secret, Patent and Copyrights its validity and the procedure was duly highlighted.
- b. The functioning of WIPO – “World Intellectual Property Organization “was mentioned.
- c. Adequate importance was given to explain about Trade mark and the registration process involved. The essentiality of Copyrights and the period of its validity were also explained adequately.

After a break for 15 min, the session was led by Ms. Vedhavalli, Lecturer at Ambedkar Law College and Junior Practicing Criminal Lawyer. The lecture focused on three aspects

1. What comes under IPR?
2. Who are eligible to Patent?
3. What are the legal frameworks pertaining to IPR?

The Speaker convincingly presented the fact that Property Rights cannot be claimed to those things which are naturally found in existence without suitable human manipulation. The lecture also shed light on the remedy that could be sought by an aggrieved party in case of infringement. Traditional Knowledge Digital Library (TKDL) and the method adopted by India in retaining its position of indigenous knowledge was also effectively driven.

Some of the other points that was effectively put forth was

- a. Difference between Compensation and Fine
- b. Geographical Indicators and the patenting procedure was also explained.
- c. The administrative remedies incase of patent infringement.
- d. Different types of Patent and the important points or clauses in the TRIPS agreement.

With the singing of National Anthem, the memorable day came to an end.

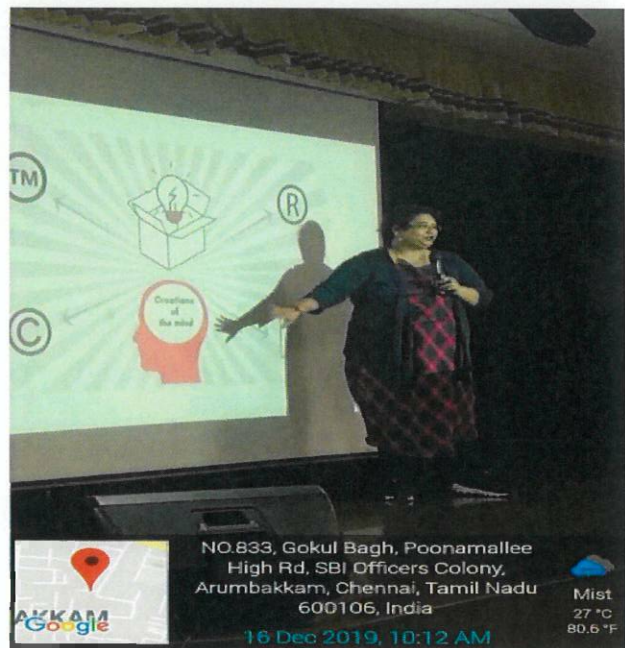

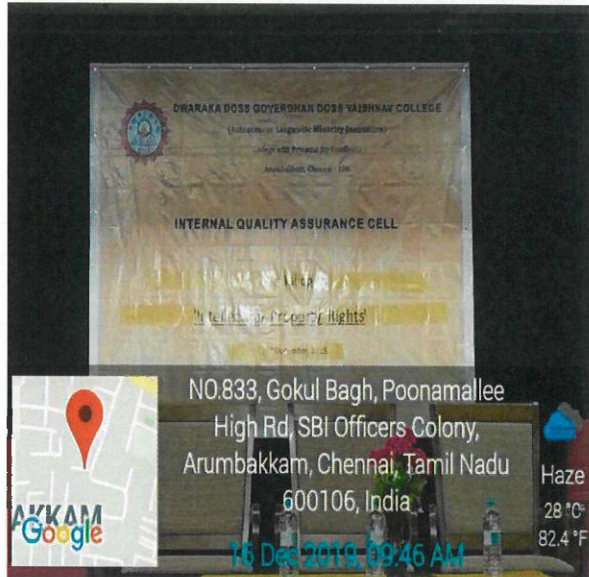

### **Outcome:**

### WORKSHOP ON “NAAC”

**Name of the event:** Workshop on “NAAC”

**Date:** 14.12.2019

**Venue:** Dwaraka auditorium.

**Organizer:** Internal Quality Assurance Cell - Dwaraka Doss Goverdhan Doss Vaishnav College

**Resource person:** Dr. Priya Narayanan, Assistant Advisor –NAAC, Bengaluru

**No. of Participants:** 317 (internal) + 25 (External)

#### **Detailed report:**

A workshop on NAAC – Revised Accreditation Framework was organised on 14.12.2019 for the faculty members of our college and neighboring colleges. Dr. Priya Narayanan (Assistant Advisor – NAAC, Bengaluru) was the speaker who enlightened the audience with the importance of NAAC and the need and necessity for accreditation. She gave a detailed lecture covering various aspects like pedagogy, employability, curriculum, electives, ICT etc. She elaborated on the submission of SSR and gave a wide idea about qualitative and quantitative metrics. She urged to focus on our limitations and convert them into opportunities. The program was attended by 317 faculty members from our college and 25 faculty members/IQAC co-coordinators from neighboring colleges.

### WORKSHOP ON “EVALUATION REFORMS – BLOOM’S TAXONOMY”

**Name of the event:** Workshop on “Evaluation Reforms – Bloom’s Taxonomy”

**Date:** 06.09.2019

**Venue:** COE office

**Organizer:** Internal Quality Assurance Cell - Dwaraka Doss Goverdhan Doss Vaishnav College

**Resource person:** Dr. S. Venkatraman, Education Consultant to UNESCO and the Asian Development Bank, on *Bloom’s Taxonomy*

**No. of Participants:** 51

#### **Detailed report:**

One of the targets of the *United Nations Sustainable Development Goals- 4* which revolves around *Quality Education* is “to ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through

education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development" which is to be achieved by 2030 (UNESCO). *The Draft New Education Policy 2019*, is built on these underlying principles of the **SDG-4**. Similarly, the *UGC Quality Mandate 2022* has listed objectives on its agenda for quality enhancement in Higher Education Institutions (HEI's), and Teaching/Learning Outcomes are now UGC's top priority.

As per the recommendations of the UGC, the Training Workshop on "*Evaluation Reforms – Bloom's Taxonomy*" was organized for all the Heads of the Departments, IQAC and NAAC members on Friday, 6<sup>th</sup> September 2019, between 9.30 a.m. and 1.30 p.m. 51 participants were oriented by Dr. S. Venkatraman, Education Consultant to UNESCO and the Asian Development Bank, on *Bloom's Taxonomy*, a very popular and scientific evaluation methodology based on the findings of Benjamin Bloom, published in 1956.

**Series of Training Workshops**

Follow-up workshops in Outcome Based Education are essential and as evidenced in the feedback form that has been enclosed.

- Dr. Venkatraman will conduct the next workshop in three instalments for our entire faculty during early December.

Professor Sethuraman, Department of Chemistry, Gandhigram Rural University, and NAAC Expert, is conducting a Workshop on Outcome Based Education and Bloom's Taxonomy for all our faculty members on 12<sup>th</sup> October 2019

**Outcome:**

1. As education has to be result-oriented, evaluation of the outcome of education should help to measure the effectiveness of the outcome. 'Learning to Learn' must have a different mechanism of evaluation from 'Learning to Memorize'. In this context, the evaluation reforms based on Bloom's Taxonomy assumes significance. It places least priority on 'Memory' and emphasizes on 'Creativity' as the ultimate outcome of education.

2. Faculty members were trained to formulate Programme/Course Outcomes to enable them to design assessment tools to measure the desired outcome. Learning outcomes must be learner-centric and not teacher-centric.
3. Faculty members were given an orientation on Bloom's levels and domains of specificity and complexity and to evaluate students based on higher learning domains such as *Remembering*, *Understanding*, *Applying*, *Analyzing*, *Evaluating*, and *Creativity*.

They were made to understand that *Evaluation Reforms* were a worldwide phenomenon and that the underlying principles of the "Draft National Education Policy 2019" and the "UGC Quality Mandate 2022" were outcomes of the United Nations Sustainable Development Goals 2030.

The workshop was an attempt to help the faculties to understand the various modalities of the AQAR preparation as per the new NAAC guidelines. As a result an elaborate session on how to fill the AQAR with valid data was facilitated. A special significance was made on the preparation of program reports with geotagged photographs.

The workshop had 61 faculties, participating from all the departments. The participants enthusiastically indulged themselves in the preparation of AQAR following the guidelines proposed by the resource persons. Later, the IQAC coordinator Dr. T. Augustine Arul Prasad made a detail presentation about the work plan, and proposed a deadline of 31.08.2019 for the submission of AQAR for all the three years by the departments which were accepted by all the participants

**Outcome:**

As education has to be result-oriented, evaluation of the outcome of education should help to measure the effectiveness of the outcome. 'Learning to Learn' must have a different mechanism of evaluation from 'Learning to Memorize'. In this context, the evaluation reforms based on Bloom's Taxonomy assumes significance. It places least priority on 'Memory' and emphasizes on 'Creativity' as the ultimate outcome of education.

**Prelude: Mentoring of mentors-** A training session named "***Mentoring the mentors***" was organised on 14<sup>th</sup> June 2019 at the Vallabhacharya Mini Auditorium in the college. It was an initiative undertaken as per the UGC guidelines, in order to better equip the mentors in handling the first-year students. 118 faculty members from the undergraduate and postgraduate programs were present. The gathering was addressed by the special guest / First speaker of the day **Dr.Vasanthi Ranganathan** , who extensively spoke on the importance of education and the need for the students to develop social skills and the right attitude towards learning. The teachers were then engaged in a group activity followed by discussion regarding various topics such as industry expectations, college volunteering, sports & talent, entrepreneurs, drug usage and concepts of freedom & ownership.

The teachers represented their views about the same on a chart and delivered a small presentation. The morning session ended on this note, and the teachers had a short tea break. Following that, Dr.G. Geetha, Controller of examinations spoke at length about the importance of the student induction program (SIP), that was initiated in many city colleges. The SIP focuses on 8 aspects: physical activity, creativity, cultural, mentoring on human values, lectures that were informal and friendly, visit to orphanages / social work, field trips and film screening.

The post lunch session had **Mr Jeyadoss** from the department of English, Loyola college addressing the mentors. He spoke on the need for constant mentorship even after the first year in college. He stated the qualities that a mentor/teacher should possess, like tolerance, empathy, and that a teacher should be an active listener. He then further elaborated about Maslow's hierarchy of needs, SWOT analysis, prerequisites of a mentor and most importantly, the need for a mentor to practice what they preach, i.e. set an example for the mentees by their actions. The session concluded with the mentors thanking the speaker for the abundance of knowledge that was imparted and the faculty came forward and shared their experiences and expressed their gratitude.
